

I-PROTECT

v4

General Chair

Maha Charfeddine (Assistant Professor ENIS)

Honorary Chairs:

Mohamed Jmaiel (Director of CRNS)

Habib M. Kammoun (IEEE Tunisia Section Chair-Elect, Assistant Professor FSS)

Boudour Ammar (Assistant Professor ENIS)

Workshop Chairs:

Faten Chaabene (Doctor, Sfax University)

Sahar Cherif (Doctor, Sfax University)

Ghada Feki (Doctor, Sfax University)

Organizing committee:

Rahma Fourati (Doctor, Sfax University)

Mayssa Frikha (Doctor, Sfax University)

Nesrine Tarhouni (Phd Student, ENIS)

Salma Masmoudi (Phd Student, ENIS)

Chaima Affes (Student, ENIS)

Hassine Touil (Student, ENIS)

Dhia Chelly (Student, ENIS)

Anas Khairallah (Student, ENIS)

Meriam Jebli (Student, IIT)

Wiem Belhadj (Student, ENIS)

Registration form:

Students: 300 TND

Academic: 400 TND

Industrial: 600 TND

Special discounts for students and academics who don't have financial support!

Registration deadline: 30/11/2021

Payment to: IEEE Tunisia Section

M.F.: 1496298 T P N 000

Bank: BIAT

RIB:0830 4000 3520 0875 0782

Call for Participation

I-PROTECT is an annual workshop where students, researchers and academics from several Tunisian public and private universities and industrials, gather together to learn more about the latest trends of cyber-security.

I-PROTECT v4 is organized by IEEE Tunisia Section, IEEE Cybersecurity Unit of ENIS, IEEE Student Branch of ENIS, National Agency for Computer Security ANSI-tunCERT, SMART SKILLS, Association for Scientific Research and Innovation in Computer Science ARSII-Sfax and Sfax Digital Research Center CRNS, from December 26 to 28, 2021 in Marhaba Palace Hotel, Sousse, Tunisia.

The purpose of the 4th I-PROTECT edition is to practice offensive and defensive, CTF-like, virtual competition that use relevant tools and scenarios allowing participants to learn several cyber-security skills.

The program will include technical, professional and educational activities presented by highly qualified speakers.

Speakers

“Ethical Hacking” Session

Sofiene Maatallah (Senior Cyber Security Engineer at ANSI Pentesting, Ethical Hacking Information security Trainer, ISO/CEI 27001 Lead Auditor)

Walid Ben Said (Senior Security Analyst, Team leader at Tunisian Computer Emergency Response Team Host organization: ANSI)

(Participants with intermediate level of knowledge)

“Preparation to Computer Hacking Forensic Investigator CHFI Certification” Session

Wajih Letaief (Digital Transformation Evangelist, Network/Telco Specialist, Security Expert, SysOps/DevSecOps Expert, International Certified Instructor, SENIOR Lead Project Manager)

(Participants with advanced level of knowledge)

Stay tuned, there is a surprise for participants!
